Awarded Highest Honors—World's Fair Gold Medal, Midwinter Fair.

DR. PRICE'S CREAM BAKING POWDER
A Pure Grape Cream of Tartar Powder.
40 YEARS THE STANDARD.

ARIZONA'S RESOURCES.

A Vast Mineral Field Awaits Enterprise and Capital.

Arizona's greatest prosperity in mining will result from the opening up and development of its gold and copper mines. Every encouragement should be given to local capital, and every attention possible should be extended to outside investors who contemplate putting their money in mines. Arizona's and particularly Cochise county's mineral resources are comparatively undeveloped. Notwithstanding the fact that Cochise is doing more to bring to the notice of intending investors opportunities in mining than any county in the Territory, as witness the bonding of twenty different groups of mines to as many different companies, and notwithstanding we have within our boundaries two of the richest mines in the Territory, the big bonanza at Pearce, which will take rank among the largest of producers, also one of the greatest copper mining camps in the west, our mineral resources are comparatively untouched, her mountains comparatively unexplored, and the mines now in operation comparatively surface workings. The present stream of wealth flowing from Arizona's mines is but a rivulet compared to the river of gold and copper that will result from more extensive development. And the mines that are developed are but a fraction of the number that can be profitably opened up and worked. What Arizona needs is development of its mineral resources. Give the news to the world that there is room here for all, and that capital seeking investment in mines can find no more promising field than Arizona.

Best of All.
To cleanse the system in a gentle and truly beneficial manner, when the springtime comes, use the true and perfect remedy, Syrup of Figs. One bottle will answer for all the family and cost only 50 cents. Buy the genuine. Manufactured by the California Fig Syrup Co. only, and for sale by all druggists.

Thos. Ryan, who was appointed postmaster of Tombstone, but withdrew his commission, has accepted a position with the N. M. & A. as chief agent of that company at Benson.

Emil Sydow came in today from the Middle March Co. and will spend Sunday with his family. He states work is being pushed ahead, and it is expected to have the smelter of the company in position by the middle of April.

S. C. Tolman, a mining man of Denver, is a visitor to Tombstone on mining business. He will look into the merits of a well-known copper group of mines in the Dragoons. From here he goes to Prescott to examine a property located in that neighborhood.

Within two weeks three nations have appropriated about \$230,000,000 for warships and national defense. Our own \$50,000,000 was quickly followed by the English naval estimates of \$100,000,000, and then the Czar surprised the world by setting aside some \$70,000,000 for the same purpose.

General Manager Frederick Stock of the Golden State Co., came in today from the mines. He states that owing to the delay in the arrival of coke the smelter will not be blowing in until Monday. Mr. Stock reports the opening of a breast of 12 feet of high grade copper ore in a drift from the main shaft, and is elated at the progress and development of this excellent property.

Mr. Geo. W. Seaverns the well known mining man who operated his mines in the Turquoise district on quite an extensive scale and engaged in active mining for some time hereabouts is a member of the Klondyke Parent Pioneer Corporation Limited of London capitalized at £125,000. Mr. Seaverns is a successful and capable mining man and has many friends here who wish him continued success.

The second payment of the bond in the McCormick group of mines in the Dragoons was made yesterday, the amount being tendered the owner Mr. Robt. McCormick by A. M. Welles. This looks encouraging and would indicate the company are satisfied. Work is being pushed with vigor and every indication pointing to the realization of the expectations of the promoters.

LARGE CATTLE DEAL.

Fifteen Thousand Head Bring \$30 Apiece.

A dispatch from Kansas City says Jeff Ryan, of Leavenworth, president of Ryan, Bros. Cattle company, owning extensive ranches in Eastern Montana and Arizona, their range being in this county, sold 15,000 head of cattle to the Murphy Cattle company, owning an adjoining ranch in Montana for \$450,000, at \$30 per head. The deal was consummated in the Midland Hotel in that city, where Mr. Ryan met Matt Murphy and Paul McCormack, of St. Paul, representatives of the purchasing company. The dispatch adds: "We bought the cattle as a ranch investment," said Mr. Murphy, "because we believe the price of cattle is going up in the near future. The war scare had nothing to do with this purchase. Some of the cattle will be marketed at once, and others will be placed on our ranch which adjoins Mr. Ryan's property in Montana."

A Clever Trick.
It certainly looks like it, but there is really no trick about it. Anybody can try who has Lame Back and Weak Kidneys, Malaria or nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to the Liver and Kidneys, is a blood purifier and nerve tonic. It cures Constipation, Headache, Fainting Spells, Sleeplessness and Melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c a bottle at Tombstone Drug Store and all druggists.

The following grand jurors from Cochise county will serve at Tucson, beginning the 23rd inst: J. N. Curtis, John Henninger, B. Lofgren and A. Ashman.

Adolph L. Luegert, the Chicago sausage man and wife killer, for the rest of his natural life will be known simply as "Convict No. 5,969," in the Joliet penitentiary.

A bill appropriating \$250,000 for surveys and official report as to available and practicable sites for dams in various rivers of the west, has been introduced in Congress. The bill names parts of Arizona to be surveyed.

Prof. A. B. Frenzel, an eminent mining man of note, is a visitor to Tombstone. Mr. Frenzel is a member of the Royal British Institute of Mining, and is in this section in the interest of representatives of capital. He will remain here until tomorrow, when he will go to Pearce.

WANTED—Improved stock ranch or herd of horses for equities in well located corner store and flat building, also double flat building, both on south side Chicago, Illinois; rented. Also new modern Waukegan residence. Exchange all or part of \$30,000. Address H. C. Horning, Waukegan, Ill., care of Hotel Waukegan, mar 19-14

PRESIDENT'S THANKS.

Reply to Acting Gov. Akers' Letter of Congratulation.

Immediately after the passage of the Cannon bill Acting Governor Akers telegraphed President McKinley expressing on the part of the people of the Territory confidence in the wisdom of the administration, and saying that Arizona would be pleased to respond to a call for troops in the event of a war with Spain. Yesterday he received the following reply: "Executive Mansion, Washington, D. C.—My Dear Sir: At the request of the President, I beg leave to acknowledge the receipt of your generous message of congratulation, which he has read with cordial appreciation. Your patriotic offer in behalf of your Territory and your words of encouragement are very gratifying, and he wishes me to thank you heartily for them. Very sincerely yours, JAMES ADDISON POSTER, Secretary to the President."

It is, or should be, the highest aim of every merchant to please his customers; and that the wife awake drug firm of Meyers, & Ehlman, Sterling, Ill., is doing so, is proven by the following, from Mr. Ehlman: "In my sixteen years' experience in the drug business I have never seen or sold or tried a medicine that gave as good satisfaction as Chamberlain's Colic, Cholera and Diarrhoea Remedy. Sold by all dealers in Tombstone and Bisbee."

Shouting babies, pouting babies, Babies without any hair. Laughing babies, crying babies, Babies both dark and fair. Bring them to the gallery and get picture before Mr. Fly leaves. He will surely leave in a few days.

To Cure Constipation Forever. Take Chamberlain's Candy Cathartic. See ad on C. C. B. to cure druggists and find money.

Weak Lungs

If you have coughed and coughed until the lining membrane of your throat and lungs is inflamed,

Scott's Emulsion

of Cod-liver Oil will soothe, strengthen and probably cure. The cod-liver oil feeds and strengthens the weakened tissues. The glycerine soothes and heals them. The hypophosphites of lime and soda impart tone and vigor. Don't neglect these coughs. One bottle of the Emulsion may do more for you now than ten can do later on. Be sure you get SCOTT'S Emulsion.

All druggists, 50c and \$1.00.
